SUMMARY

Entry-level software developer skilled in Java, Python, SQL, JavaScript, React.js, and FastAPI, with hands-on experience in full-stack and software development projects. Seeking a Software Developer role to apply technical skills, solve real-world problems, and contribute to a development team.

WORK EXPERIENCE

Optimum Codes LLP 01/2026 – 05/2026
Software Engineer Intern Remote
Collaborated with a cross-functional engineering team in an agile remote environment to design and scale software updates. Participated in codebase roadmaps, translating technical requirements into functional full-stack components. Maintained clean, documented code and managed version control workflows using Git to ensure stable deployment pipelines.

EDUCATION

- **Manipal Academy of Higher Education (MAHE)**, Manipal 07/2024 – 07/2026
  Master of Computer Application
- **Mangalore University - Govinda Dasa College**, Surathkal 09/2020 – 07/2023
  Bachelor of Computer Application
- **Shree Narayana Guru Composite PU College**, Mulki 07/2019 – 05/2020
  Pre-University Course (Commerce)

SKILLS OVERVIEW

◇ **Languages:** C, C++, Python, Java, JavaScript, SQL
◇ **Web Development:** HTML, CSS, PHP, React.js, Tailwind CSS, FastAPI
◇ **Database:** MySQL, PostgreSQL
◇ **Tools:** Git, GitHub, Android Studio, VS Code, MS Office Suite
◇ **Core Concepts:** OOP, Data Structures, DBMS, REST APIs, Responsive Web Design
◇ **Others:** UI/UX Design, Canva, Figma
◇ **Soft Skills:** Communication, Teamwork, Problem Solving, Time Management, Active Listening

PROJECTS

- **AutoMLAgents – Autonomous Data Scientist (Internship Project)**
  Developed a transparent AutoML system using React.js, Tailwind CSS, and FastAPI to automate end-to-end machine learning workflows. Built scalable backend pipelines and created responsive UI components for dataset upload, feature engineering, missing value handling, preprocessing (encoding/scaling), and model evaluation.
- **BookPlaza**
  Developed a dynamic book e-commerce platform using HTML, CSS, and PHP with features like book search, resale listings, and user reviews. Streamlined the buying/selling process for used books and enhanced user interaction.
- **Movie Ticket Booking**
  Built a Java Swing-based desktop application integrated with MySQL to enable real-time seat selection, multi-theater support, and secure payment flow. Designed a user-friendly interface to simulate real-world movie ticket booking.

CERTIFICATIONS

◇ Software Engineer Intern - Optimum Codes LLP
◇ User Interface and User Experience Design – Coursera (IBM)
◇ React Basics – Coursera (Meta)
◇ Generative AI: Prompt Engineering Basics – Coursera (IBM)

ACHIEVEMENTS & VOLUNTEERING

◇ Contributed to community health awareness campaigns via Red Cross Camp.
◇ Volunteered in various N.S.S activities.
